Dear Sir,

Last night I heard the most incredible history of a Mr. Raoul Wallenberg, a Swedish citizen, who saved thousands of Hungarian Jews from the Nazi death camps during the second world war. Even more incredible is the fact that the Russians took Mr. Raoul Wallenberg prisoner near the end of the war. There are reliable reports that he was still alive after about 35 years in the Russian Gulags. He may even be alive today.

Can you tell me anything about him? Are you making any effort to influence the Russians to produce information about Raoul? Please advise.

Yours,
